

The soundscape of Auckland City, New Zealand in Covid-19 times

Dr Maree Sheehan
Auckland University of Technology

How the sonic landscape changed and evolved in Auckland City, New Zealand during and after Covid-19 lockdown?

Outside of my home, The
Guardian Building, Queen
Street, Auckland

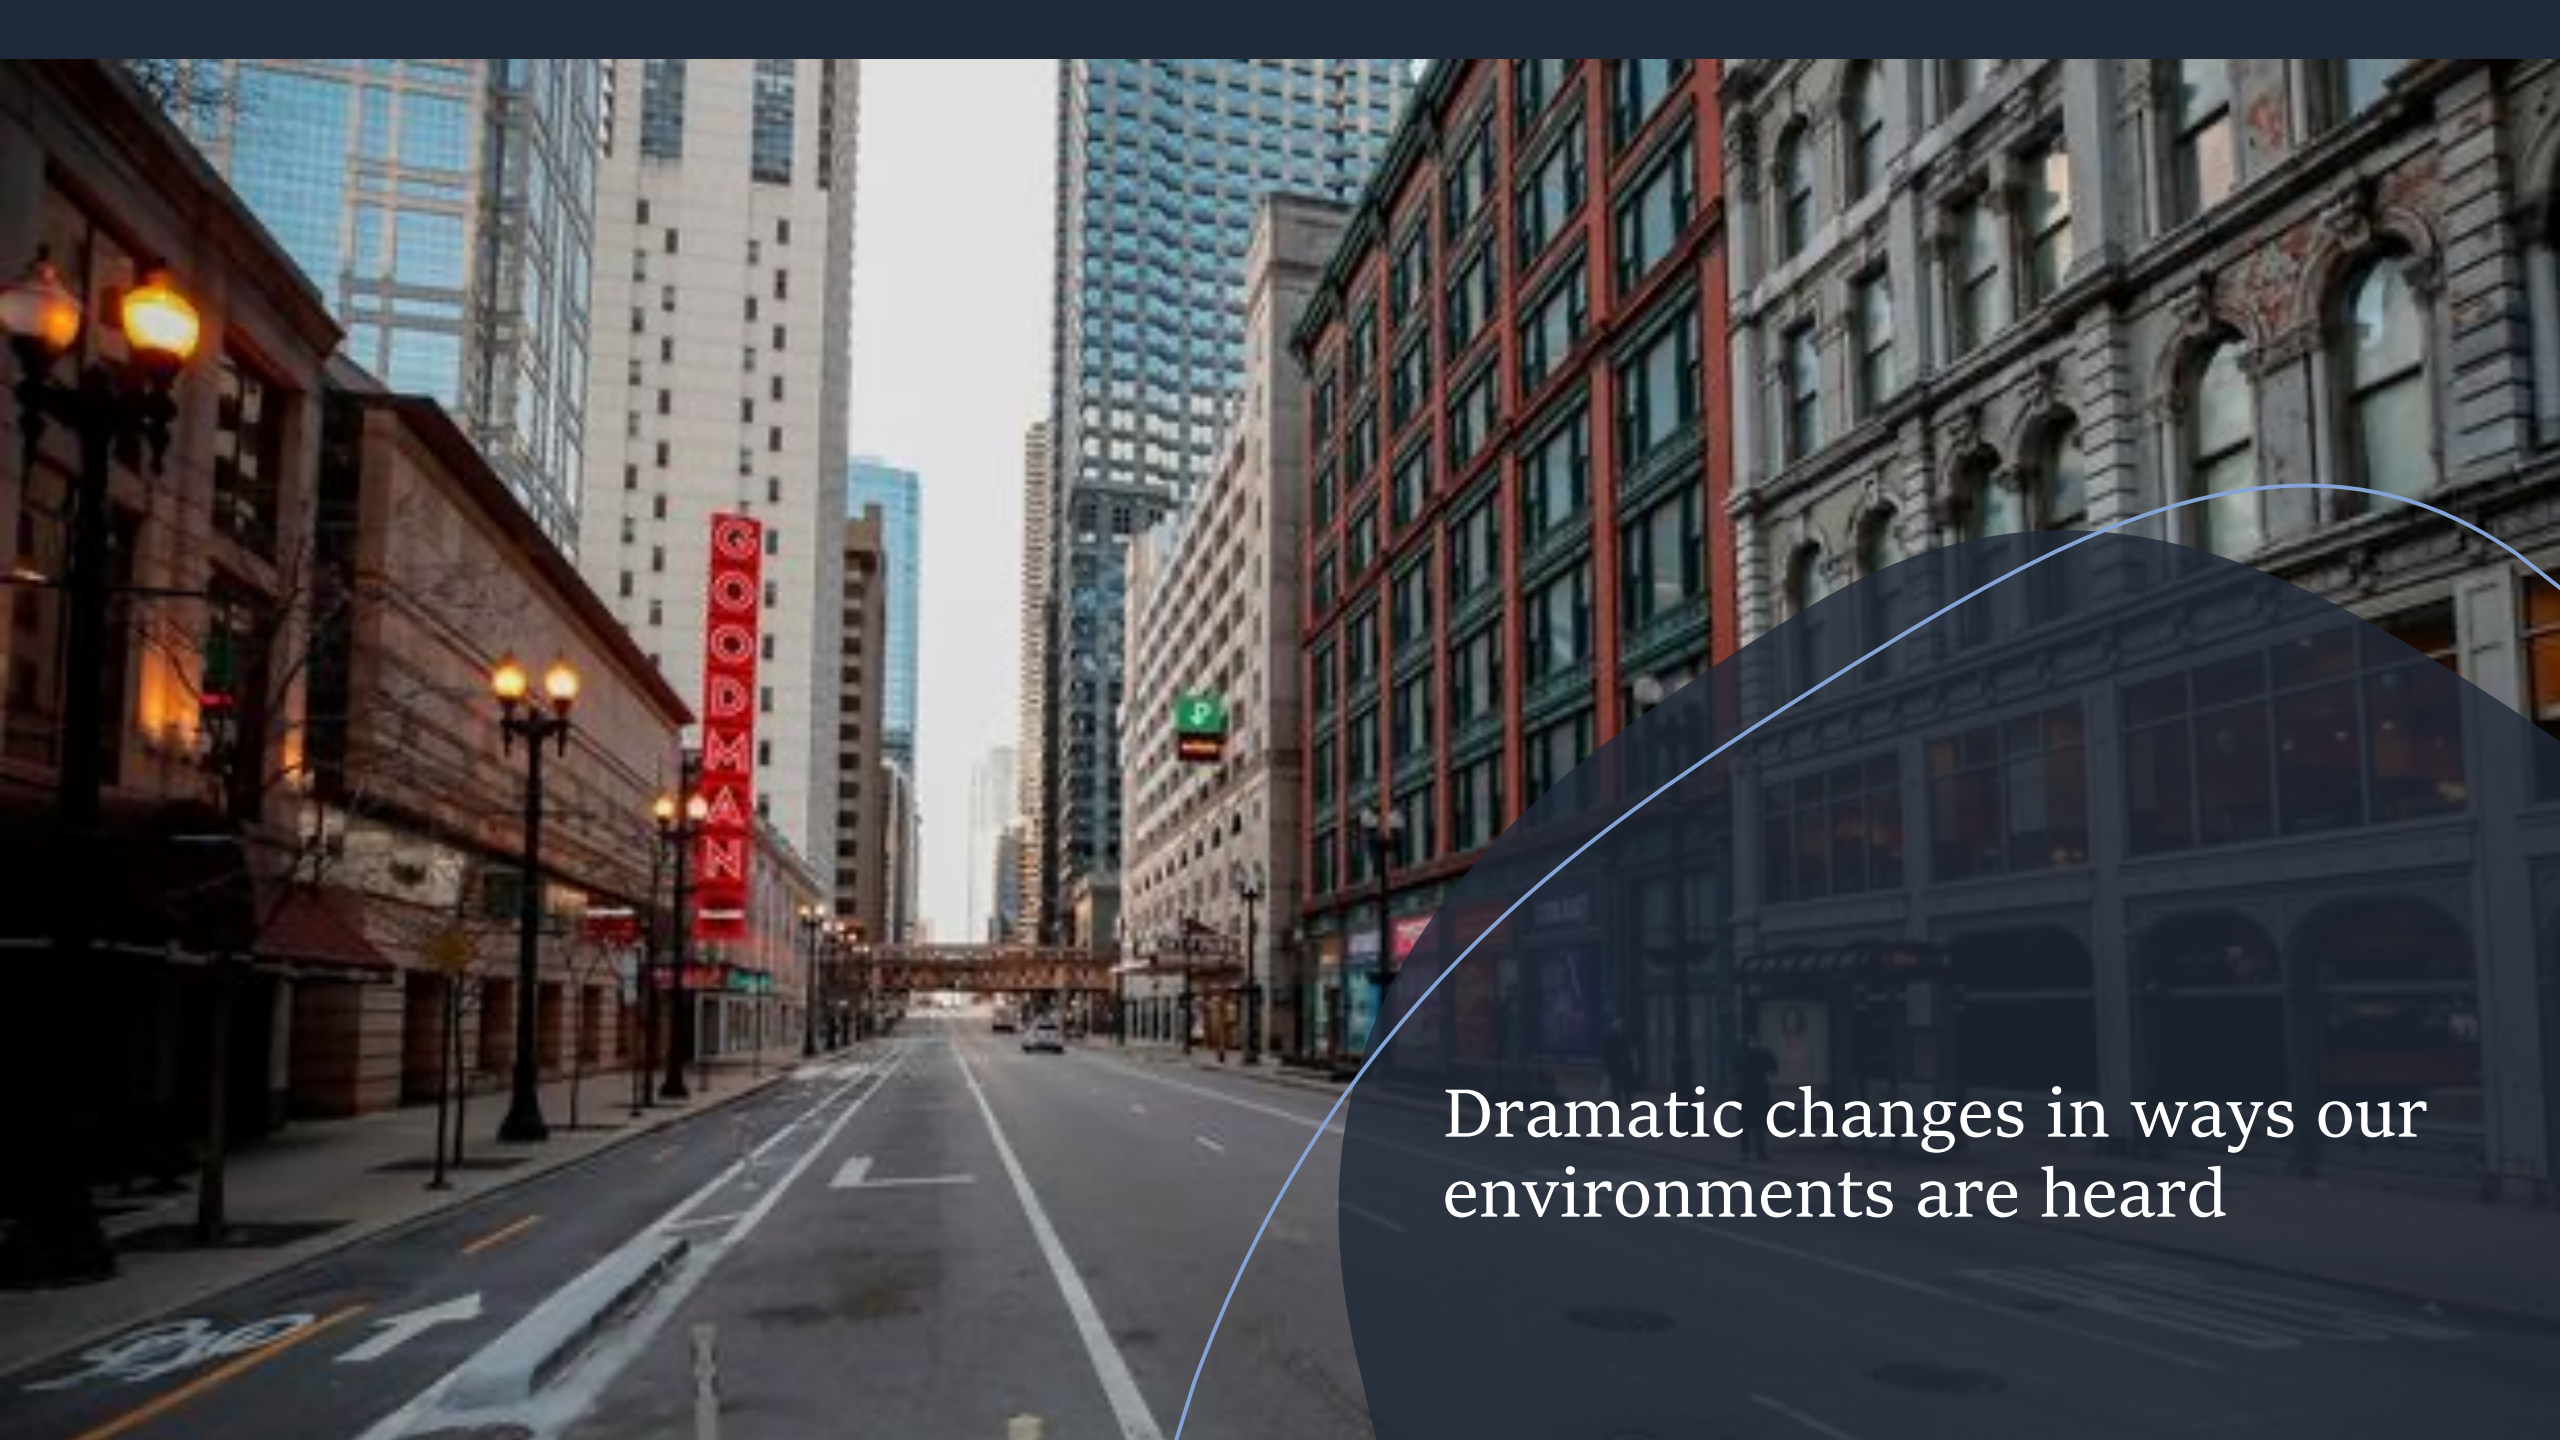

Normally looks like this

And sounds
like this

So what happened sonically to Queen Street in lockdown? How did the soundscape change?

Dramatic changes in ways our
environments are heard
